Snohomish County Fire District 4 Internship Program Application

About the Internship

The Snohomish County Fire District 4 Internship Program is a paid, five-month opportunity designed for individuals interested in exploring and pursuing a career in the fire service. The two paths that interns will be focusing on are firefighting and the administrative side to fire service. Interns are expected to commit 20 weeks for this internship.

This internship provides hands-on experience and professional development through exposure to both the operational and administrative sides of the fire service. Participants will have the opportunity to shadow staff members across various departments, attend meetings and community events, participate in ride-alongs, and gain valuable insight into how each role contributes to the overall mission of serving the community.

One of the unique benefits of this program is its flexibility. We understand that many applicants balance school, athletics, work, and other personal commitments. Interns can create a schedule that works best for them while fulfilling program requirements, making this an excellent opportunity for student-athletes, college students, and other motivated individuals with busy lifestyles. Even if induvial can only make it one day out of the entire month this internship is still for you!

Throughout the internship, participants will build meaningful professional connections, develop leadership and communication skills, and gain real-world experience that can help prepare them for future careers in the fire service.

Requirements

Applicants must:

- Be at least 18 years of age
- Pass a background check
